

COVID-19 PROTOCOLS 2021

- If you are experiencing any symptoms of COVID-19 such as fever, cough, sore throat, etc. or have been around anyone experiencing these symptoms please call in to reschedule your appointment for everyone's safety.
- Our waiting room is now open with new chairs and flooring making it much easier to keep things clean between patients. Masks are now optional to wear inside the office.
- We have a new software system which requires us to have you fill out a few documents digitally upon arrival. Feel free to call in ahead of time and we can provide you a link to access these documents through our new patient portal.
- There are several hand sanitizing stations around the office that we encourage using upon entering and leaving the office.
- Our operatories are equipped with HEPA air purifiers to maintain clean air and we will have you rinse with a mouthwash before each procedure.
- Please stay behind the plexiglass shields at the reception desk out of respect for our front office.
